And now a few words from me:

Hello, my name is Solo, as in Han Solo! I'm great at patrolling the yard and will complete five laps before breakfast! I love nothing more than to sit near my hooman and have a cozy nap... until it's time for my walkies! My foster mom says I'm the best walker and she doesn't even feel me at the end of my leash. It's the best part of my day! A car ride is also fun! Think of me as your buddy; I will be happy going with you on all of your adventures. Want to meet?

And now a few words from my foster family:

Meet Solo, a loyal, loving companion who is always ready for his next adventure. He absolutely loves going for walks and is a dream on leash—the best walking buddy you could ask for! When he's not exploring the neighborhood, you'll find him happily playing fetch with his favorite ball. He forms strong bonds with his people and thrives on being part of the family.

This special boy is looking for an experienced adopter who understands reactive dogs and can appreciate that his challenges stem from anxiety and fear rather than true aggression. He can be more protective within the home environment and will do best with someone who can provide clear boundaries, structure, consistency, and a predictable routine. As an only dog in an adult-only home, he truly shines and can relax and be his best self.

His ideal home would be a quiet one with an active individual or couple that enjoys walks, outdoor adventures, and spending quality time together. In return, you'll gain a devoted and faithful companion who will be deeply loyal to the

people he loves. Due to his reactivity, Solo will need to be in a home where there are no children or young grandchildren.
